# Notes for the Net Control Station

Revised 3/9/2017

Keep a list and the number of check-ins. Go through list for informal comments. Identify yourself and the net frequently, at least once every 10 minutes. Half way through informal comments, ask for further check-ins.

THERE IS A SUNDAY MORNING NET ON 3.859 MHZ (80 METERS) AT 8:30 AM. INFORMAL COMMENTS AND OPEN DISCUSSION ARE COMMON ON THIS SUNDAY MORNING NET. NOTE: No known net on 160 meters anymore.

## FOR THE ARRL ND NET MANAGER

At end of each net, please keep of the information for the monthly summary report.

Keep separate reports for the WX morning net and the DATA Evening net. Each month add up the # of nets you were Net Control for, # of Check-ins and the # of traffic messages that were passed. After adding up your monthly summary, send your information in a message format to the ND Traffic Manager.

1. Indicate WX Net \_\_\_\_\_ or DATA Net \_\_\_\_\_
2. Month of the Report Information \_\_\_\_\_
3. Total # of Nets as Net Control \_\_\_\_\_
4. Total # of Check-ins for the Month \_\_\_\_\_
5. Total # of Traffic Messages Handled that Month \_\_\_\_\_

(Be sure to include one Message for your report to the Traffic Manager)
